## **Transition Year Points System Contract**

The TY Points system was introduced to make students in the Transition Year take more responsibility of their behaviour in school. Students' progress throughout the year is monitored using the Points system. Dialanns are checked by the tutor once a week in Tutorial. Students receive positive plus points for positive behaviour. Negative points are awarded where work is not submitted etc. A student is not allowed to go on a trip if they are on negative points. Students from each class who receive the highest points in their class are entered into a prize draw at Christmas and summer, they will also receive a certificate recognising their excellence in achieving high points.

The following procedure is in place in relation to trips.

- 1. The week before each trip, all dialanns are checked in Tutorial.
- 2. If there are any student on negative points they will be not attending the upcoming trip.
